Q7 How much have your skills improved because of the training at the class?

Answered: 19 Skipped: 0

Answer Choices	Responses
A great deal	26.32% 5
A lot	57.89% 11
A moderate amount	10.53% 2
A little	5.26% 1
None at all	0.00% 0
Total	19

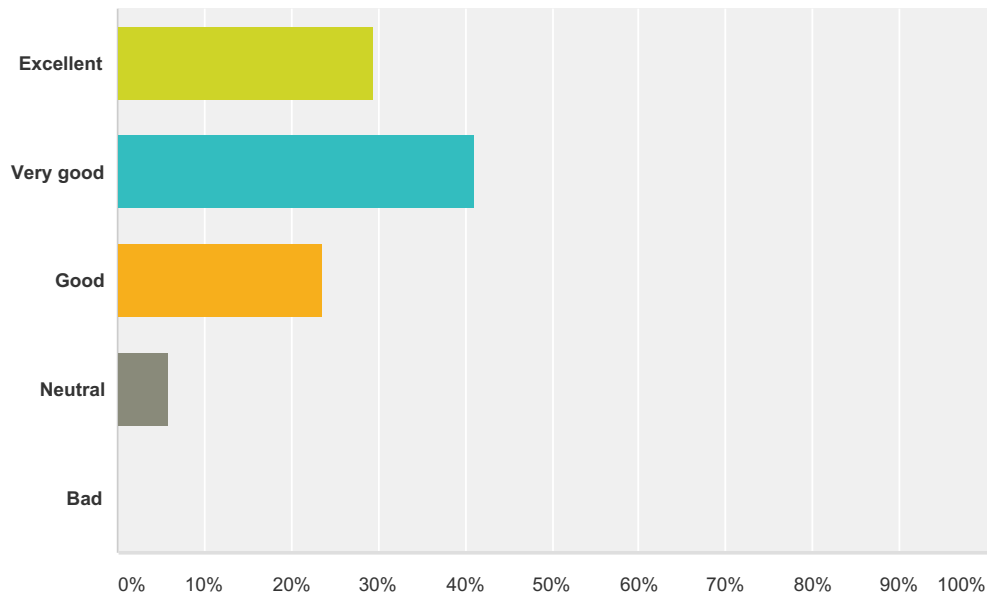

Q8 What suggestions you have for improving this training course

Answered: 14 Skipped: 5

#	Responses	Date
1	Give the students an option of receiving a loose leaf copy of the text. I would gladly pay an extra \$40 for in order to be able to reference the lab material, and use the remote lab without referencing my cell phone application.	7/13/2015 12:02 PM
2	Allocate separate timings for Lab hours	6/2/2015 7:33 AM
3	More effort in helping students that are finished with the training course to secure a job.	11/11/2014 4:33 PM
4	I wish they could have included SQL server replication in this course.	7/30/2014 9:24 PM
5	It would be helpful if the format of the class changed to accomodate LABs during each class e.g. an hour for lecture, 30mins for lab etc. The lab hours are not convenient outside of class and being unable to access the lab machines from my job is also inconvenient.	7/14/2014 9:05 AM
6	Cannot think of anything that needs to be improved	5/11/2014 7:35 AM
7	i would prefer power point presentation instead of she writing on the virtual board and prefer the lab instruction more clear	2/17/2014 11:56 PM
8	Personally, the timing for the Lab did not work for me. I would have preferred the Lab to be open different times in the day. However, I realized later that I could have requested special accommodations.	2/17/2014 6:20 PM
9	More flexible lab timing.	12/19/2013 8:45 AM
10	Have lab time available before lecture.	12/15/2013 2:22 PM
11	I would use more of a start to finish , use case method of teaching. Intro, take off the wrapper, overview, create a DB, fill it up , run it, analyze it, create a few queries , analyze those, backup, expand, emergency mode (what to do). It follows more a real life flow. Question I would take off line.	12/12/2013 12:02 PM
12	I will kindly suggest that the 6 weeks should be extended and also the LAB times should be opened or able to access it any time to increase the flexibility due to the fact that somebody might be working on different shift work. this is the only part am not satisfied about.	11/2/2013 8:50 AM
13	Maybe we can do 1 lab session during class following the instructor to see differen types of errors that come along to every person and solve it together	9/3/2013 12:03 PM
14	Extended lab hours during weekends.	9/1/2013 5:22 PM

Q9 How do you rate the Training LAB practice

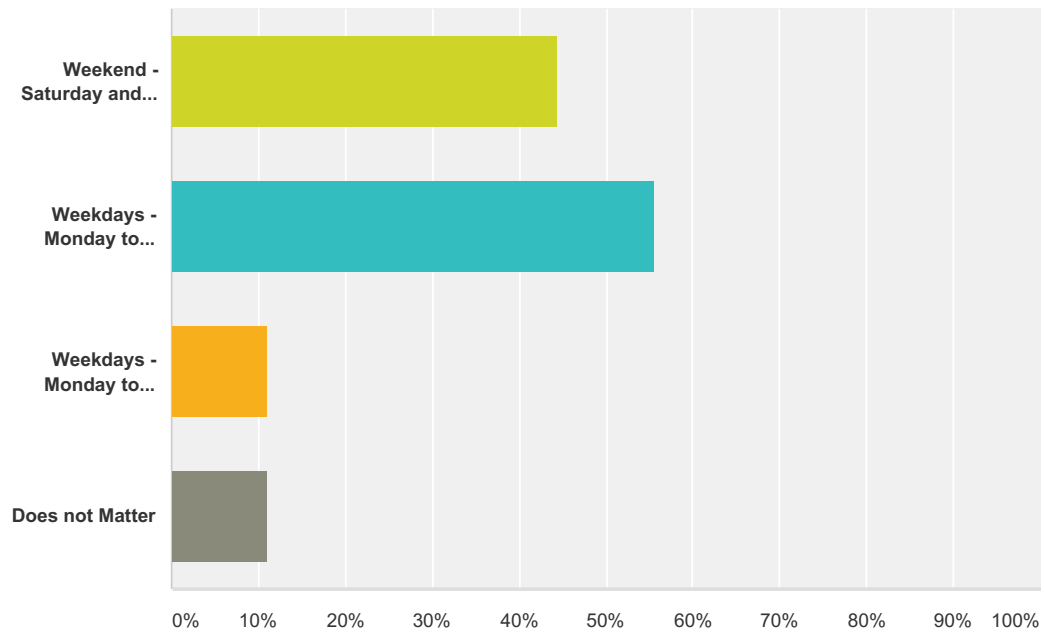

Answered: 17 Skipped: 2

Answer Choices	Responses
Excellent	29.41% 5
Very good	41.18% 7
Good	23.53% 4
Neutral	5.88% 1
Bad	0.00% 0
Total	17

Q10 What your preferred time for training ?

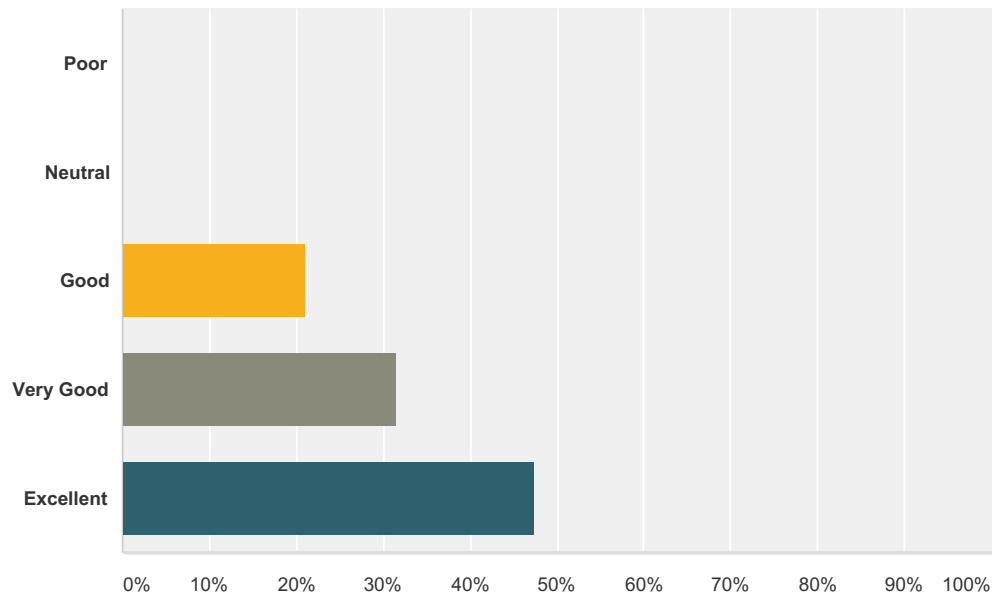

Answered: 18 Skipped: 1

Answer Choices	Responses
Weekend - Saturday and Sunday	44.44% 8
Weekdays - Monday to Friday evenings	55.56% 10
Weekdays - Monday to Friday mornings	11.11% 2
Does not Matter	11.11% 2
Total Respondents: 18	

Q11 How do you rate the training instructor ?

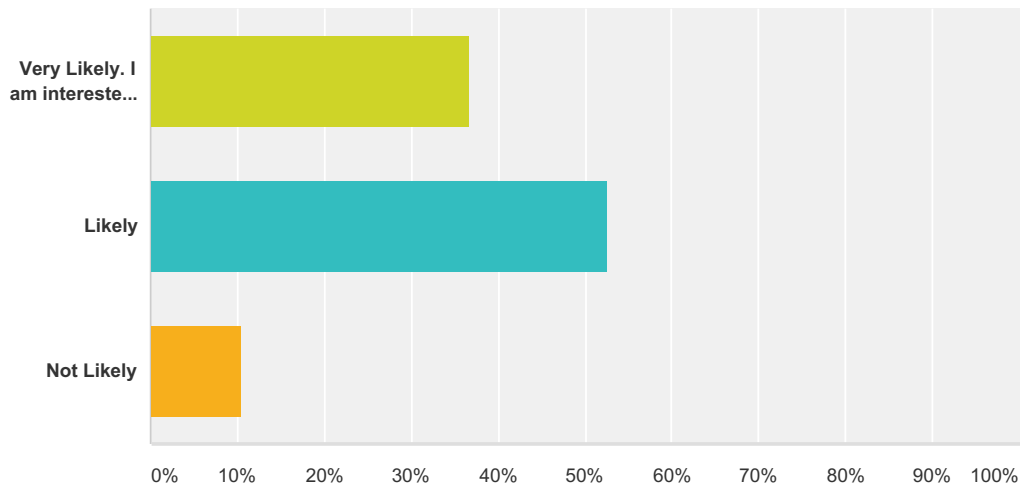

Answered: 19 Skipped: 0

Answer Choices	Responses
Poor	0.00% 0
Neutral	0.00% 0
Good	21.05% 4
Very Good	31.58% 6
Excellent	47.37% 9
Total	19

Q12 Are you considering to use DBA University's services in the future ?

Answered: 19 Skipped: 0

Answer Choices	Responses	
Very Likely. I am interested in placement services and other trainings you might offer.	36.84%	7
Likely	52.63%	10
Not Likely	10.53%	2
